PROFESSIONAL SUMMARY

Computer Science student with hands-on experience building web applications using Core PHP, MySQL, Bootstrap, jQuery, REST APIs, and Git/GitHub. Founder of Doc Sansar, an EdTech platform serving thousands of users, with practical exposure to authentication, notifications, payment integration, SEO, and database-driven systems. Interested in full-stack web development, backend engineering, and building scalable real-world software solutions.

PROJECTS AND EXPERIENCE

Founder, Doc Sansar (EdTech Platform) | Jul 2023 – Present

- Built and managed a student-focused EdTech platform with study material management, academic resources, community features, and user-driven workflows.
- Managed a database of **658+** documents and 555+ registered users while implementing a custom CMS and an FCM push notification system to drive retention.
- Independently scaled the platform to serve 20,000+ yearly users and handle 380,000+ yearly events, maintaining approximately 4,000 monthly users.

Full Stack Web Developer, Khabai Tech — Remote | Uncle Jee Store (E-Commerce Platform) | Feb 2026 – Apr 2026

- Developed a scalable e-commerce platform tailored for the pickle industry, covering product, order, and payment workflows.
- Integrated Razorpay payment gateway to process secure, real-time user transactions and improve payment reliability.
- Built logistics-ready backend workflows for order processing, shipping preparation, and operational management.

Full Stack Web Developer, Khabai Tech — Remote | Khabai Tech HRMS (Billing & Credit System) | Mar 2026 – Apr 2026

- Developed and deployed a Credit & AMC Billing Engine to automate recurring financial operations.
- Engineered an immutable ledger system to maintain secure, traceable, and auditable transaction records.
- Designed financial workflows for transaction tracking, recurring billing, and automation-based processing.

EDUCATION

- Bachelor of Technology (Computer Science Engineering)** | TIT & Science, Bhopal | 2024 – Present
- Diploma in Computer Science Engineering** | Government Polytechnic, Patna-7 | CGPA: **8.63** | 2024
- Intermediate (12th)** | GD College, Begusarai | **82.2%** | 2021
- Matriculation (10th)** | SSRR High School Rajuara, Begusarai | **85.6%** | 2019

SKILLS

- Programming & Backend:** Core PHP, Java, MySQL, SQL, DBMS, CRUD Operations, Session Management
- Frontend:** HTML5, CSS3, Bootstrap, Tailwind CSS, jQuery, AJAX
- APIs & Integrations:** REST APIs, JSON, Webhooks, OAuth 2.0, Razorpay, Ekart API, WhatsApp API, Firebase FCM
- Architecture & Tools:** Modular Development, Scalable System Design, RBAC, Secure Coding, SEO, Cron Jobs, Git, GitHub, Hostinger
- Soft Skills:** Problem Solving, Analytical Thinking, Quick Learning, Adaptability, Team Collaboration, Communication

CERTIFICATIONS & ACHIEVEMENTS

- SAP Certified – Backend Developer – ABAP Cloud
- Winner of the Momentum Award in a Mini Web Hackathon.
- Finalist in RGPV SRIJAN 2K25.
- Built and scaled Doc Sansar to serve 20,000+ yearly users.
- Achieved strong Google search visibility for Doc Sansar within 7 days of launch.
